Sir Knights of Boston Commandery introduce yourselves in these good hotels.

The strength of any cause, any policy, any service, lies in its fundamental merits. Neither argument nor power can save an evil cause, or a wrong policy or a poor service from ultimate failure. They possess within themselves the elements for their own destruction.

BOSTON COMMANDERY
ST. JOHN'S DAY OUTING

Your Counsel has arranged special rates for a splendid Boston Commandery week-end outing at the famous Toy Town Tavern of Winchendon, Mass., starting Friday afternoon, June 24th and ending Sunday afternoon, June 26th. Something "entirely different!" For Sir Knights, their ladies and friends.

Automobiles follow Route 2 through Arlington, Concord, Littleton and Ayer to Fitchburg, and thence on Route 12 to Winchendon, a total of only sixty-five miles of beautiful State road.

Plans call for automobiles leaving Boston Friday afternoon, June 24th in time to arrive at Toy Town Tavern for supper between 6.00 and 7.30 P.M. followed by an evening of games, entertainment and sociality. Winchendon being the toy center of America, the hotel management has provided immeasurable unique games and novelties, both indoor and outdoor. Dancing in the Playhouse.

All day Saturday:—famous treasure hunt on the Blue Trail, baseball, tennis, eighteen hole Donald Ross Golf Course surrounding the Tavern, putting green, outdoor swimming pool, Pirate's Den, and special novelty games. Another evening of sociability, and then Sunday at this "real New England Inn" up 1100 feet overlooking Lake Watatic with Mt. Monadnock in the distance.

Wear what you wish and bring what you wish,—but come prepared for a real two-day Boston Commandery Outing.

Adequate automobile parking without charge.

TOTAL COST of week-end outing,—two nights, six meals, round trip transportation, prizes, etc. guaranteed not to exceed \$20.00 per person. Double rooms will be assigned, with bath between each two double rooms (private bath \$1.00 per day per person extra.) Arriving Saturday night deduct \$6.00. Golf course special rate \$1.50 per day. Sir Knights driving their own cars will be allowed \$4.00 for each person making round trip with them.

For reservations the Commander must receive your reply not later than Thursday, June 16th. Please reply at once, to R. G. Wilson, 167 Lincoln St., Boston, Mass.

VACATION

Here we are all ready for the Summer vacation, well, here's hoping that every member of Boston Commandery will have an enjoyable vacation.

To me a vacation means just play and recreation with all business worries and cares left behind and forgotten.

If you have never learned to do this, try it this Summer and enjoy your first real vacation. People are different and as they are different they enjoy different kinds of a vacation. What would be an enjoyable time for me might not agree with you at all.

Take camping for instance. That to some is the acme of perfection for a vacation, yet, you must enjoy roughing it a bit and not only you but every one of your party if you are to have a good time. Even one misfit can easily spoil your entire Summer on a camping trip.

You can add fishing, mountain climbing and tramping or "hiking" as it is generally called. Canoeing, that is a canoe trip, would be an ideal vacation if you enjoy real roughing. There are several very fine canoe trips through the rivers and lakes of Maine that give all the thrills that are necessary for one Summer and would keep you talking about them until your next vacation.

But, whatever you do, choose the kind that gives you the most enjoyment, recreation and relaxation. When you leave home, leave all your business worries behind you and go with the fixed purpose of having a good time, even if your mother-in-law is going with you. Rest assured that your vacation will be worth every cent it cost and you will come back full of "pep," vim and vigor, ready and able to hurdle your troubles, overcome your worries and well prepared to take a leading part in professional, business and social life.

"Ye editor" will undoubtedly go fishing. There is a certain lake nestling (all lakes nestle) in sight of towering mountains (lakes generally are) surrounded by pine and spruce, with some oak, ash, birch and maple trees. Where birds sing and squirrels chatter all day. The mosquitoes sing and sting, black flies bite

often and fish bite seldom, but, I am going to float around that lake and fish. I may not get many fish, but I will get lots of sunshine, fresh air and enough exercise to make meals seem far apart.

Some will say that's a "heck" of a way to waste time, it is if you don't like it. Some couldn't see anything but flies and mosquitoes while I see the trees and the water, the hills and the mountains. Nature's at her best while fleecy clouds float in the infinite blue of a Summer sky. A real vacation.

YE EDITOR.

SECOND DISTRICT MEETING

On Monday evening, June 20th, Boston, St. Omer and Quincy Commanderies will hold a joint conclave in the Masonic apartments, 584 Columbia Road, Dorchester. Sir Knights should assemble there not later than 6.15 in full Templar regalia. Dinner will be served at 6.30. A special price of seventy-five cents has been secured for this occasion. We will undoubtedly have one of the best, if not the best gatherings of Templars of the year. We expect that Boston Commandery will as usual turn out in goodly numbers. Further details will be given at the June conclave.

—The minister asked his little girl if she liked his sermon and she said, "No." "Well, what did you like—the first part?" "Yes." "Did you like the last part?" "Yes." "Well, what part didn't you like?" "Oh," said she, "there was too much middle."—Exchange.
